

Does love in your family run strong and deep?

Are you ready to make extra memories to treasure and keep?

Mount Amanzi

If you are ready to turn more moments into lifelong memories then don't miss out on our *exclusive offer* - We have a limited number of weeks available for purchase at **Mount Amanzi!**

Mount Amanzi is where life with the family begins and love never ends. Why not go on a walk to remember – put on your walking shoes and grab your hat and water bottle, because nothing beats a mountain walk with the family. Explore the beautiful Magalies Mountains; experience the amazing view of the Hartbeespoort Dam Wall and discover the beautiful nature that surrounds our Resort. On your return to the Resort, we will have a photo of you and the family on the mountain waiting for you. Just one more *Mount Amazing* memory to treasure long after the holiday is over.

Also surrounding the Resort sunset cruises on the tranquil waters of “Harties” Dam, helicopter flips, hot air ballooning, horse riding, the famous De Wildt Cheetah and Wild Dog Research Centre, an Elephant Sanctuary and Harties’ Cableway.

Onsite - How about you challenge the family to a round or two of mini-golf or “duck” and “dive” on the volleyball court and treat the family to something yummy at Old Kitchen? Take a dip in the pool or just enjoy board games and a braai at your chalet with the family. There is *plenty* for the family to do. Plenty of love, laughter and happily ever after!

Some say the greatest legacy you can leave your family are happy memories. We say what are you waiting for? **Expand your portfolio a week or few today; because in the end spending time with the family is worth every second.**
